Indien twee of meer geboue of strukture op dieselfde erf net deur een meteraansluiting van water voorsien word, word die geregistreerde eienaar van sodanige eiendom aanspreeklik gehou vir die betaling van die voorgeskrewe gelde.

Waar 'n meter ter eniger tyd gedurende die maand op 'n eiendom geïnstalleer word, word die beskikbaarheidsfooi vir sodanige maand en die hoeveelheid water wat vir sodanige maand verbruik word, bereken op die grondslag dat enige deel van die maand as een maand beskou word.

The availability fee will be charged for each separate water connection or erf.

If more than one building or structure, situated on the same erf, are serviced by one common meter connection the registered owner of the erf will be held accountable for the payment of the prescribed fees.

If a meter is installed at any time of the month, the availability fee will be charged as if for a whole month – this is applicable to consumption as well.

Die gratis toekenning van 6 kl per maand (huishoudelik soos in 3.9 hierbo bepaal) word slegs toegestaan per gemeterde verbruikerspunt en die ongebruikte gedeelte van dié 6 kl per maand, sal nie oordraagbaar wees na 'n daaropvolgende maand nie.

Die verbruiker aanvaar aanspreeklikheid vir alle waterverbruik wat deur die meter geregistreer is, ongeag die oorsaak van die geregistreeerde verbruik, tensy daar deur toetsing van die meter bevestig word dat die meter foutief registreer, in welke geval die meter op raadsonkoste vervang sal word en 'n eweredige terugbetaling, bereken oor die gemiddelde verbruik van drie (3) voorafgaande maande, aan/van die verbruiker gemaak/verhaal sal word.

Indien onvoorsiene droogtetoestande of ander gebeure die Raad noop om waterbeperkings in te stel, kan die verbruikerstariewe soos hierbo uiteengesit, verhoog word as 'n maatreël om waterbeperkings af te dwing. Alle watertariewe soos in 3.9, 3.10 en 3.11 word in so geval verdubbel.

The free units of 6 kl per month (residential as described in 3.9 above) are only for a metered consumer point and the unused part of the 6 kl per month may not be transferred to the next month.

The consumer accepts liability for all the water consumption as registered by the meter, notwithstanding the origin of the registered consumption, unless it is confirmed by testing that the meter is faulty in which case the Council will replace the faulty meter and a refund, based on the calculation of the average consumption of three (3) previous months will be refunded/recovered to/from the consumer.

If water restrictions are to be enforced by council due to dry or other unforeseen circumstances, the above-mentioned user charges can be increased as a method to enforce water restrictions. In such case the tariffs in 3.9, 3.10 and 3.11 above will be doubled.

5. BESKIKBAARHEIDSGELDE

Hierdie tariewe is nie van toepassing op eiendomme van die Raad nie tensy sodanige eiendom verhuur word, in welke geval die Huurder aanspreeklik is vir die betaling van die toepaslike gelde.

Begraafplase in privaat besit word vrygestel van die betaling van ondergemelde gelde, onderhewig daaraan dat die betrokke eiendom uitsluitlik vir dié doel aangewend word, tensy 'n elektriese-, water- en/of rioolaansluiting bestaan, in welke geval die toepaslike voorgeskrewe fooie betaalbaar is.

5.1 Onbeboude eiendomme:
