1 INTRODUCTION

This document constitutes the Service Delivery Budget Implementation Plan (SDBIP) of the Cape Agulhas Municipality for the 2023/24 financial year.

2 PURPOSE OF THE SDBIP

The SDBIP is a management, implementation and monitoring tool. It enables the Municipality to give effect to its Integrated Development Plan (IDP) and Budget and can be seen as a “contract” between the Administration, Council and Community that sets out the manner in which the Municipality will achieve its IDP goals and strategic objectives over the next twelve months.

3 LEGAL FRAMEWORK

The Municipal Finance Management Act, Act 65 of 2003 (MFMA) defines the SDBIP as;

“a detailed plan approved by the mayor of a municipality in terms of section 53 (1) c) (ii) for implementing the municipality’s delivery of services and the execution of its annual budget and which must include (as part of the top-layer) the following:

- (a) projections for each month of;*
- (i) revenue to be collected, by source; and*
- (ii) operational and capital expenditure, by vote;*
- (b) service delivery targets and performance indicators for each quarter”.*

Section 69(3)(a) of the MFMA requires the accounting officer must no later than 14 days after the approval of an annual budget submit to the Mayor a draft SDBIP for the budget year. Section 53(1) (c)(ii) of the MFMA requires the Mayor to approve the SDBIP within 28 days of the approval of the budget. Section 53(1)(c)(iii) provides furthermore that the annual performance agreements of the Municipal Manager and Senior Managers reporting to the Municipal Manager in terms of Section 57(1)(b) of the Municipal Systems Act must be linked to the performance targets of the SDBIP.

4 CAPE AGULHAS MUNICIPALITY PERFORMANCE MANAGEMENT FRAMEWORK

Performance is managed in accordance with the Cape Agulhas Performance Management Policy, which uses the Municipal SDBIP as its basis. The SDBIP is a layered plan comprising a Top Layer SDBIP and Departmental SDBIP's. The approved Top Layer SDBIP is the basis of the Municipality's Performance Management system. The SDBIP is a public document that comprises Key Performance Indicators (KPI's) with quarterly service delivery targets which derive from the IDP, legislation, regulations, risks and other critical aspects identified by the Municipal Council.

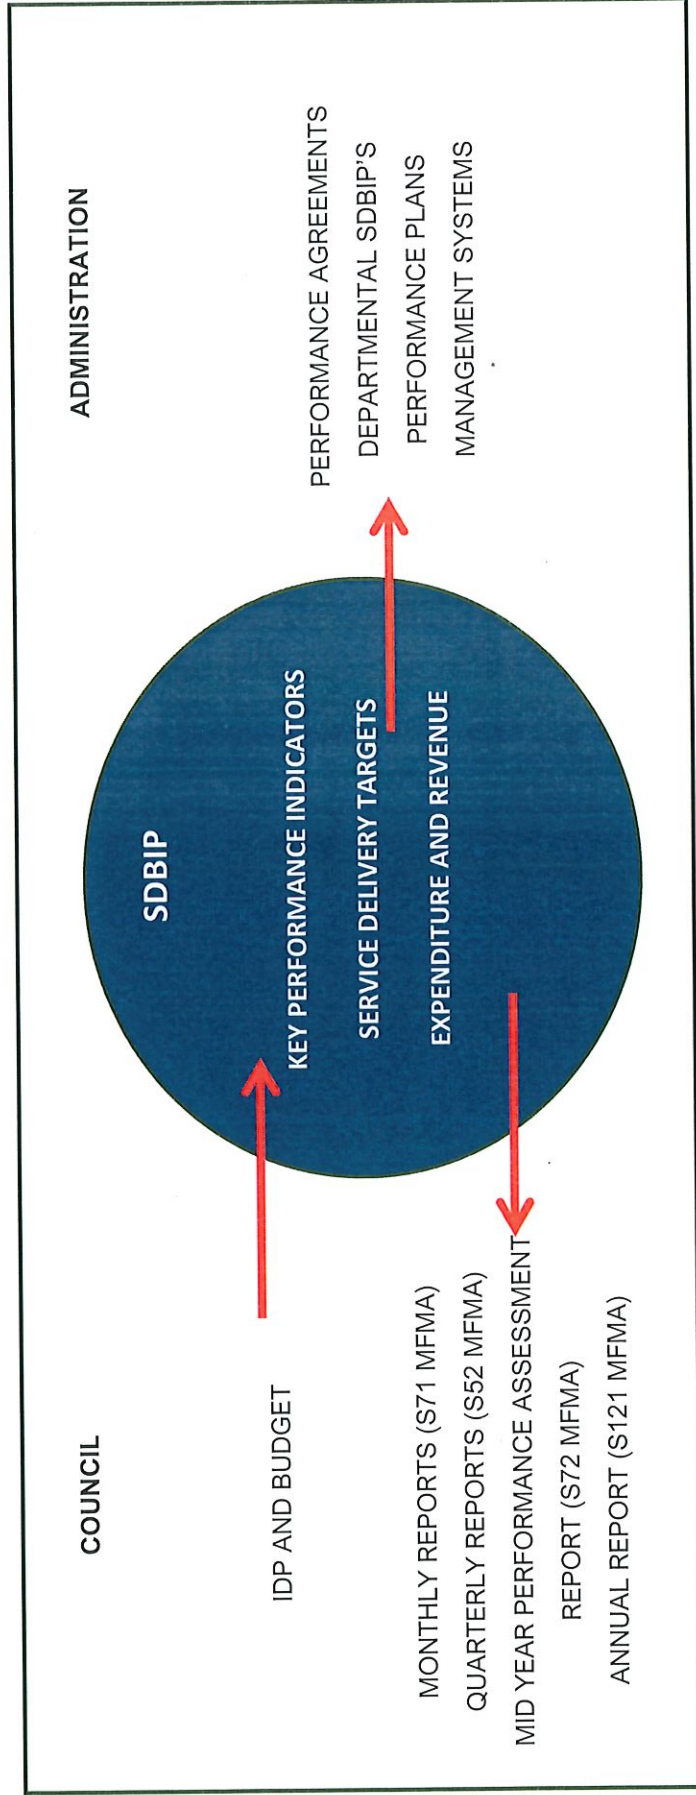

5
20

Performance reporting on the Top Layer SDBIP is done to the Mayoral Committee and Council on a quarterly, half yearly (Mid-year Budget and Performance Assessment Report (S72 MFMA)) and annual basis (Annual Report (S121 MFMA)). Any amendments to the SDBIP must be approved by Council following the submission of the

Mid-year Budget and Performance Assessment Report and the approval of the Adjustment Budget. In addition to the above, Section 71 of the MFMA requires that monthly budget statements be compiled and submitted to the Mayor no later than 10 days after the end of each month. The SDBIP is supported by the following administrative performance management tools:

- o Departmental SDBIP's which contain operational Key Performance Indicators which are approved by the Municipal Manager.
- o KPI's assigned to individual employees in terms of Performance Plans

The following diagram illustrates the SDBIP as a management, implementation and monitoring tool.

PS

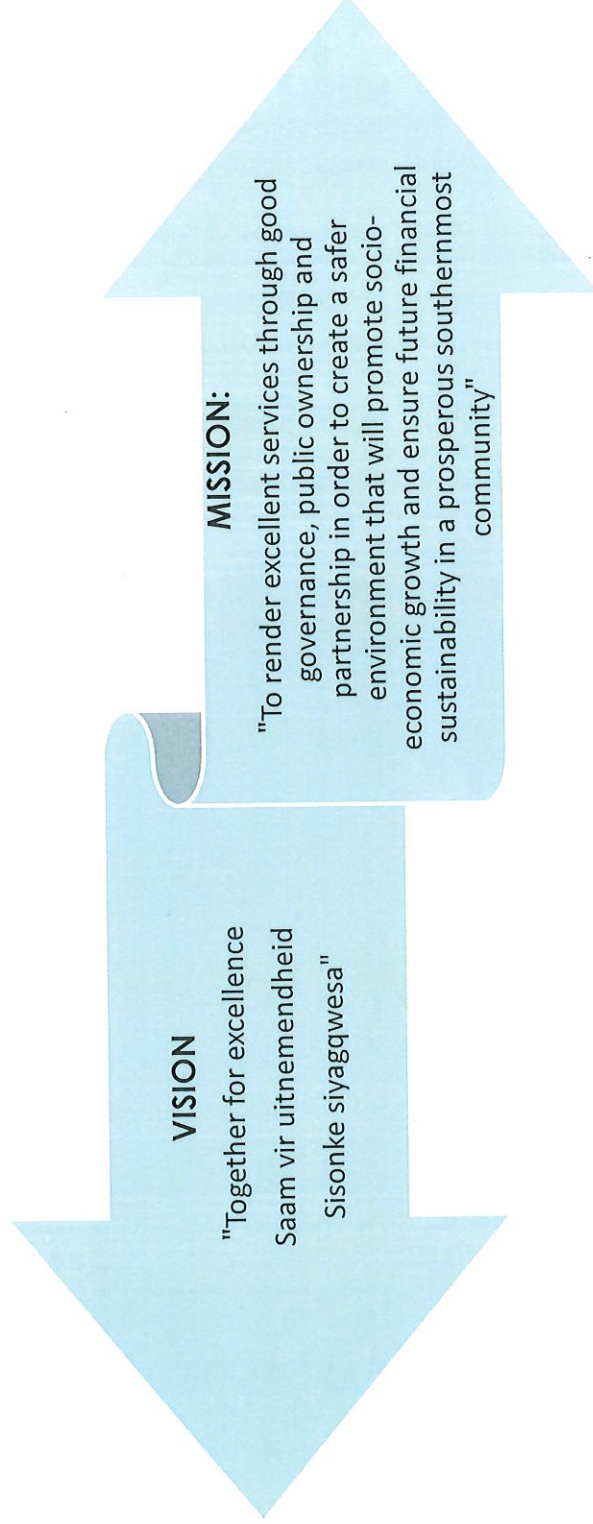

5 CIRCULAR 88 INDICATORS

The objective of Circular No. 88 is to bring greater coherence and alignment between the planning, budgeting and reporting of municipalities and to streamline reporting. The outcome of the process is to set a singular, differentially applied set of performance indicators for all of local government.

Reporting on MFMA Circular 88 was piloted in all municipalities, except metro's in the 2021/22 financial year and is set to continue in the 2023/24 financial year. All municipalities are required to include said indicators as part of the IDP and SDBIP. The indicators attached as Annexure A will be monitored and reported on, on a quarterly and annual basis, to the provincial departments of Cooperative Governance and Traditional Affairs (COGTAs) and the national Department of Cooperative Governance (DCoG).

6 VISION, MISSION AND STRATEGIC OBJECTIVES

The Municipality's vision and mission are as follows:
