The above ratios indicate that the municipality is financially stable and adequately funded to continue with its operations.

The level of employee's actual costs for the year to date is $29.3 \%$ which is less than the budgeted percentage of $40.70 \%$. It is therefore important for council to monitor and managed the employee related cost effectively within the set norm between $35 \%$ and $40 \%$.

The Capital Replacement Reserve will require minor adjustments at year end in order to ensure that it is cash backed. The "Cash \& Cash Equivalents" are sufficient to cover outstanding debt with specific reference to any unspent grant funding.
