The above ratios indicate that the municipality is financially stable and adequately funded to continue with its operations.

The level of employee's actual costs for the year to date is 40.1% which is slightly higher than the budgeted percentage of 39.4%. It is therefore important for council to monitor and managed the employee related cost effectively within the set norm between 35% and 40%.

The Capital Replacement Reserve will require minor adjustments at year end in order to ensure that it is cash backed. The "Cash & Cash Equivalents" are sufficient to cover outstanding debt with specific reference to any unspent grant funding.

## 7.2.1 Actual Revenue - Property Rates and Service Charges:

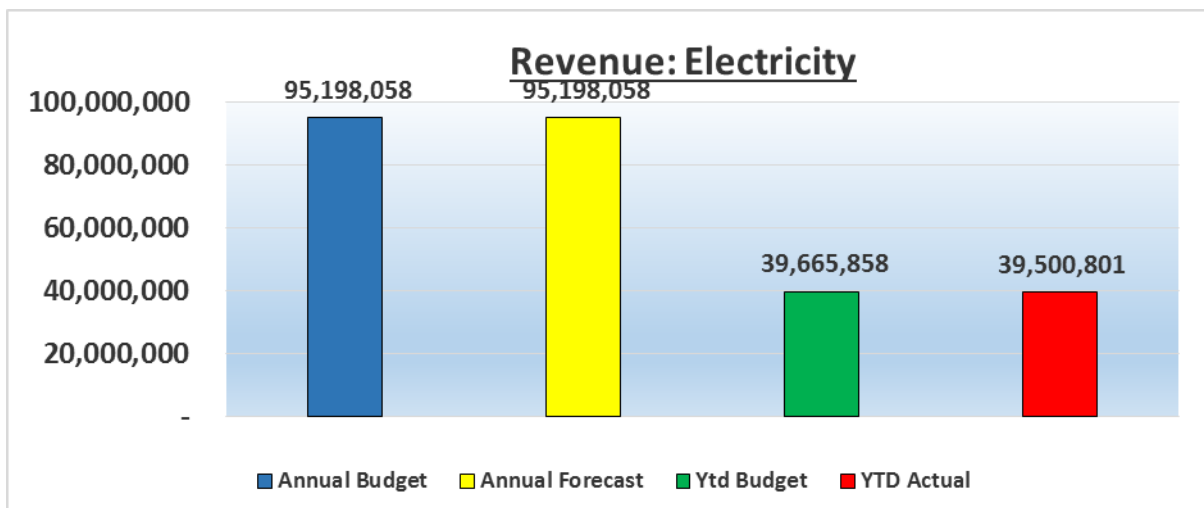

### 7.2.1.1 Property Rates:

Property rates are levied during July on either a monthly or yearly basis. Customers are offered the option to pay rates on an equal monthly installment basis or the yearly option with final payment due in November yearly.

Year to date performance totals R36.73m that is 67.18% of the budget. The administration is implementing credit control measures and customers opting for yearly payments are being notified during the 2<sup>nd</sup> quarter as per policy.

### 7.2.1.2 Electricity:

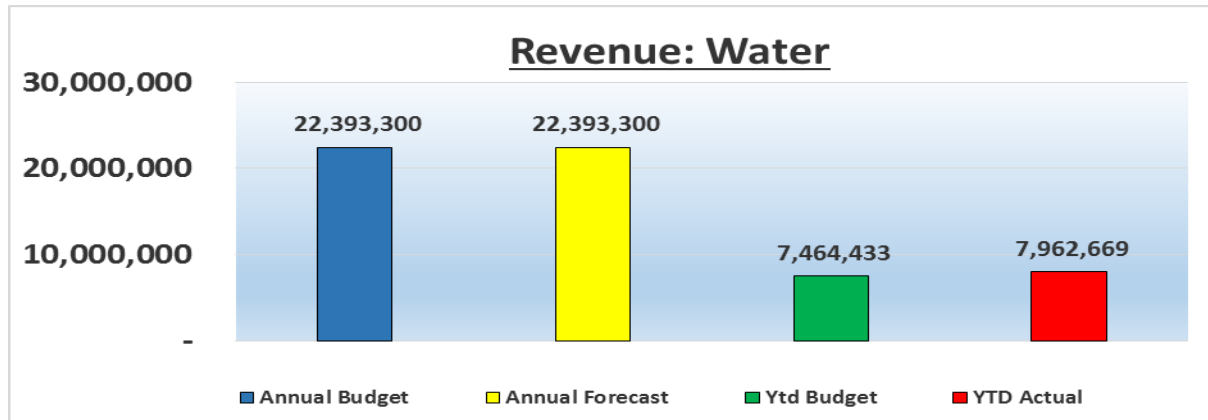

Electricity revenues is on par with year to date performance. Income of R39.5m is recorded for the period ending 30 November 2016.

Electricity revenues is based on consumer behavior and impacted by the continuous drive for energy efficiently and more economical use of electricity. The impact of these practices will place severe pressure on the municipal electricity revenues. Totals of **41.49%** is collected for the period ending **November 2016**.

Finance will continuously monitor the budget to ensure performance is as per approved budget.

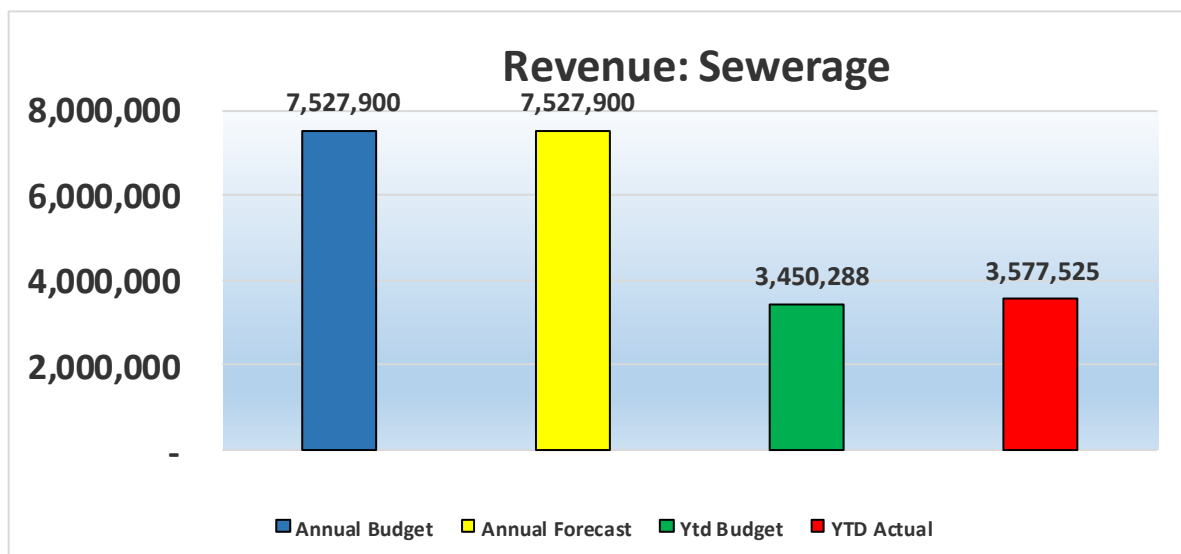

**7.2.1.3 Water:**

Water revenues totals R7.96m or 35.56% of budget. The performance of water services is below projections. Water consumption historically increases over the 2<sup>nd</sup> to 3<sup>rd</sup> quarter due to the holiday period over December to January period. The influx of holiday makers also contributes to this trend.

With the projection of extreme weather conditions predicted and the drive towards water savings initiatives this also place additional pressures on the municipal revenues for water services.

**7.2.1.4 Sewerage:**

Sewerage income is based on the amount of household and the information is impacted by the general building activity in the municipal area.

The high rate of holiday houses in the coastal areas also contributes to this performance. The coastal areas are mainly service by septic tank and charge per usage.

Performance for the period ending November 2016 totals R3.58m or 47.52% of the budget.

### 7.2.1.5 Refuse Removal:

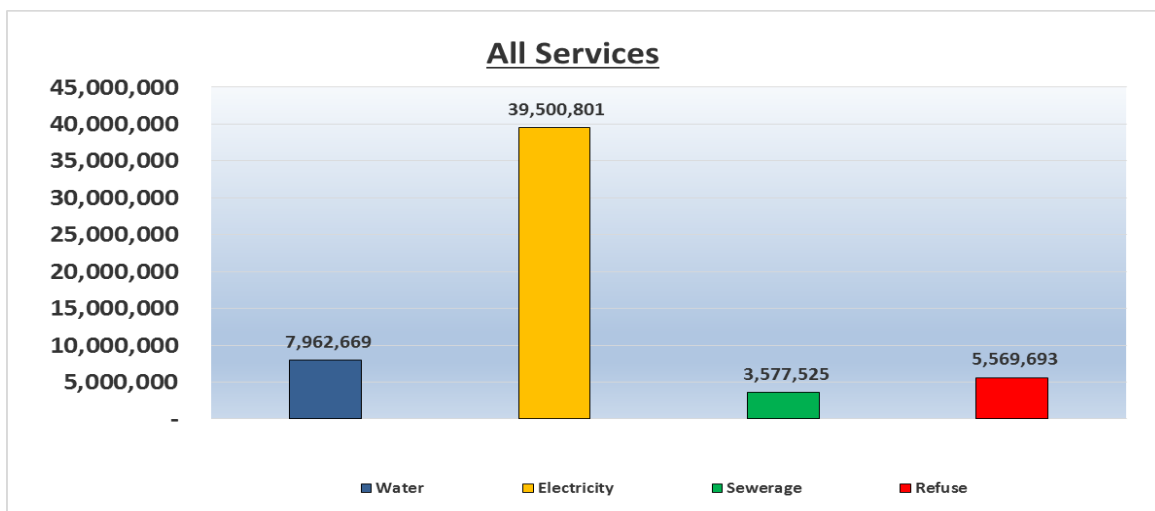

Refuse income is based on the total household and levied on a monthly basis. Year to date performance is on par and the municipality will implement the budget as approved.

Total revenue for the period ending November 2016 totals R5.57m of budget of R13,604m, that is 40.94% of the budget.

Refuse income should increase over the third quarter of the financial year. This is mainly due to the influx of holiday visitors into the municipal areas.

### 7.2.1.6 Consolidated Service revenues

The outcome of the revenue enhancement project was submitted to council. The focus was on current income sources and the accurate and completeness of the debtor information.

The implementing of the outcomes should have a positive effect on the municipal service revenues as well as property rates income collectable.

The current situation will be monitored by finance and in collaboration with the debt collecting service provider and the Masakhane unit, will ensure optimal collection of council revenues.

### **7.3 Internship Programme**

As per National Treasury regulations and per Financial Management Grant (FMG) conditions the municipality is obliged to appoint five Finance Interns. The municipality conforms as the two vacant positions have been filled effective from 1st March 2016.

The aim of the programme is to capacitate Finance Graduates to eventually be able to fill CFO and other financial posts in municipalities. The appointment is for a period of 24 to 36 months depending on completion of the Municipal Minimum Competency (MMC) training programme.

Two Finance Interns currently been registered and have started with the MMC training programme with the University of Stellenbosch.

After a meeting held with Provincial Treasury the Human Resources section is in process to ensure compliance in terms of the mentioned National Treasury circular guideline for the Finance Internship Programme and on the job training. A prescribed rotation plan for each individual finance intern has been drawn up in consultation with the Human Resource Unit and been implemented accordingly.

### **7.4 SCOA Implementation**

The key objectives of the Regulations on a Standard Chart of Accounts (SCOA) is to enable the alignment of budget information with information captured in the course of the implementation of the budget; improve data quality and credibility; achieve a greater level of standardization; improve transparency, accountability and governance through uniform recording of transactions at posting account level; enable deeper data analysis and sector comparisons to improve financial performance and the standardisation of the account classification to facilitate mobility in financial

skills within local government in order to enhance the ability to attract and retain skilled personnel.

The municipality is in the process of updating the Project implementation plan to ensure that it becomes a working document being implemented. The aim of the updating is to develop task and responsibilities for ensuring the implementation phase is being complete as planned. The risk register was received from the Vendor (Samras). This document needs further studying to analyse whether the required information will be available as required.

## **7.5 Long-Term Financial Plan**

The long-term policy needs to be reviewed and updated. This will be done as per Treasury recommendations and requirements.

The municipality appointed a service provider to address the Revenue Enhancement initiatives identified in the Long-term Financial plan strategy. The project was funded from Provincial Treasury grant funding and is already in the implementation phase. Various workshops were arranged to ensure successful completion of the project. The Revenue enhance strategy will be followed up with the review and updating of the Long-term financial plan.
