The Supply Chain Management Policy was revised and adopted by Council in March 2017 to fully comply with the SCM Regulations. The SCM Policy has been reviewed by incorporating the legislative amendments and recommendations by the Auditor-General and Provincial Treasury to give effect to the compliance aspect.

This will enable the Supply Chain Management Unit (SCMU) to further streamline procedures and processes to promote more efficient and effective service delivery to all internal and external stakeholders.

## 7. Logistics Management

Inventory levels are set at the start of each financial year. These levels are set for normal operations. In the event that special projects are being launched by departments, such information is not communicated timely to the Stores section in order for them to gear them to order stock in excess of the normal levels.

Internal controls are in place to ensure that goods and service that are received are certified by the responsible person which is in line with the general conditions of contract.

Regular checking of the condition of stock is performed. Quarterly stock counts are performed at which surpluses, deficits, damaged and redundant stock items are identified and reported to Council.

During December, the Struisbaai Stores became active again. All stock purchases will be done via the Main Stores in Bredasdorp and transferred to the sub-store in Struisbaai.

As at **31 MARCH 2018**, the value of stock at the municipal stores amounted to:

Store Location	OPENING VALUE	PURCHASES VALUE	ISSUES VALUE	BALANCE VALUE
Store A – Bredasdorp Stores	R 1 220 894,27	R 418 143,54	-R 311 618,04	R 1 327 419,77

## 8. Procurement Plan

One of the functions of SCM is to ensure that goods, works or services are delivered to the right place, in the right quantity, with the right quality, at the right cost and the right time in a normal procurement environment.

In order to fulfill the above function the SCM unit, together with the end-user, must apply strategic sourcing principles to determine the optimum manner in which to acquire goods, works or services. Subsequent to this the plan is updated on a regular basis and distributed to the user departments in order to ensure that they spend their budgets effectively, efficiently and economically.

The database for suppliers is currently operated on a Excel spreadsheet. The number of new suppliers registered within the third quarter amounts to **23**.

The total number of registered suppliers until 31 March 2018 amounts to **1045**.

### **• Web Based Central Supplier Database (CSD)**

With effect from 1 July 2016, Municipalities and Municipal Entities must use the CSD supplier number starting with (MAAA) which is auto generated by the Central Database System after successful registration and validation of the prospective provider as mandatory requirement as part of listing criteria for accrediting prospective provider in line with Section 14(1)(b) of the Municipal Supply Chain Management Regulations.

As from 1 July 2017, all suppliers are imported from the CSD into the Phoenix (Vesta) Financial system.

### **• E Tender Publication**

The advertisement of bids and publication of awards on the eTender Publication Portal is additional to the requirement specified in the SCM Regulation 22 (1) (a) which must be complied with by all municipalities and municipal entities. This initiative supports government's drive to improve access to government business opportunities, reduce red tape and duplication of administrative effort in doing business with the state designed to improve the use of technology across all spheres of government.

With effect from 1 July 2016, municipalities and municipal entities must advertise and publish all awards above R200 000, deviations and limited bids on the E-portal publication. The Cape Agulhas Municipality advertise all formal written quotations above R30 000 as well.
