#### To The Executive Mayor

In accordance with **Section 71(1)** of the Municipal Finance Management Act, I submit the required statement on the state of Cape Agulhas Municipality's budget implementation and the financial state of the municipality's affairs reflecting the particulars up until the end of **30 September 2022**.

#### 52. The mayor of a municipality—

(d) must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

**Section 54(1) of the MFMA** requires the Mayor of a municipality to take certain actions on the receipt of this report to ensure that the approved budget is implemented in accordance with the projections contained in the Service Delivery and Budget Implementation Plan.

#### Recommendations

- The content of the quarterly report for the 1st quarter ending 30 September 222 and supporting documentation for the consolidated period be noted.
- It be noted that the directors ensure that the budget is implemented in accordance with the Service Delivery and Budget Implementation Plan projections and in accordance with the approved budget.
- It be noted that any material variances will receive remedial or corrective steps.

#### 1. INTRODUCTION

#### 2.1 PURPOSE

The purpose of this report is to comply with section 71 of the MFMA and the requirements as promulgated in Government Gazette No 32141 of 17 April 2009 (Municipal budgeting and reporting requirements).

#### 2. STRATEGIC OBJECTIVE

"To comply with MFMA priorities as well as MFMA implementation plan".

#### **BACKGROUND**

Section 71 of the MFMA and Section 28 of Government Notice 32141 dated 17 April 2009, regarding the "Local Government: Municipal Finance Management Act 2003 Municipal Budget and Reporting Regulations" necessitate that specific financial particular be reported on and in the format prescribed, hence this report to meet legislative compliance.

"Section 52(d) of the MFMA states that, the executive mayor of a municipality must within 30 days of the end of each quarter submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

However, section 71 of the MFMA states that, the accounting officer of a municipality must by no later than **10 working days after the end of each month** submit to the mayor of the municipality and the relevant treasury a statement in the prescribed format on the implementation of the municipality's approved budget".

"Section 28 of the Government Notice 32141, the monthly budget statement of a municipality must be in the format specified in Schedule C and include all required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act".

Section 54 of the MFMA requires the Mayor to consider the Section 71 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.

#### 3. MAYOR'S SUMMARY

The Budget and Reporting regulations become effective during April 2009 and the municipality is obliged to report in the prescribed format to National & Provincial Treasury, the Executive Mayor and council accordingly.

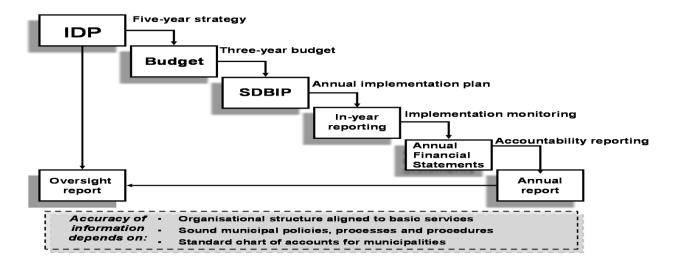

#### 3.1 Budget Process:

Section 53(1)(a)of the MFMA stipulates that the Executive Mayor of the Municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget.

The flowchart on the budget process basically reflecting three different processes in the budget cycle at the same time, namely:

- o Reporting on the previous year budget.
- Current year budget implementation; and
- o Preparation of the new financial year's budget (including the budget estimates for the two outer financial years)

The municipal planning and budget cycle processes consist of the following:

The Auditor General is in the process of auditing the **Annual Financial Statements for the 2021/22 financial year**. The Annual financial statements were submitted to the office of the Auditor General on 31 August as per MFMA legislation. The current audit is in process of more information will be communicated as the audit unfold.

#### 4. SUMMARY FINANCIAL PERFORMANCE

#### Revenue performance

For the quarter under review the municipal performance totals R124,3m. Equitable Share of R14,4m was received during the quarter. The first quarter is the billing of the yearly property rates that significantly influence the operational revenues. These billing is due at the end of October yearly as per the Property rates policy. Service charges the biggest contributor to the municipal revenue budget totals at R59,1m for the quarter.

#### Expenditure performance

Expenditure reflects at R106m for the quarter ending 30 September 2022. The main category of spending, that is employee related cost and bulk electricity purchases performing at R37,6m and R50,7m respectively. The first quarter is normally characterized by slow spending due to numerous planning processes being implemented. This should improve over the respective quarters to follows.

#### Capital performance

Capital spending report at R2,5m for the year to date ending 30 September 2022. Commitments at the end of the quarter totals R3,6m an indication of future capital spending.

The 10 biggest capital projects represent 67% of the municipal capital budget of R70,6m.

The biggest capital project – Napier Wastewater treatment plant for a total budget of R17m, is one of the strategic projects of council. This project is currently in the SCM process, needs to be submitted to the Bid Evaluation committee (BEC) during October 2022.

A risk relating to the Capital budget spending is the Waste Management project – Material recovery project. This project with a total budget of R6.3m was managed by the Director Infrastructure. With the departure of the director a risk exist as to who will take ownership of the project and implement accordingly. This will be addressed as part of the departmental interim planning arrangements.

#### 5. VARIANCE ANALYSIS BASED ON C4 BUDGET SUMMARY

Analysis of variance on the C4 report with a 10% variance on the performance of the municipality.

#### **Financial Performances**

#### Revenue items

#### Sanitation and refuse service charges (+10%)

Positive variances reported indicates that actual revenue received were more than budgeted amount.

#### Interest earned – External investments (-16%)

The interest received for investments needs to be accounted for to ensure proper reporting of information. The municipal practice is to ensure that cash not needed in the immediate operational requirements is invested over the short-term period to ensure optimal use of cash resources.

#### Fines, penalties and forfeits (-74%)

The department is in process of implementation a turn-around strategy as per instruction of council. The time delay and numerous processes that needs to be implemented result in this taking longer than planned. The impact of the COVID lockdown and the subsequent losing of the service provider due to reduction in business activity is still being felt in the municipal operations.

Numerous vacancies relating to the traffic unit is also now being finalized and in the processes of being appointed. This should increase the manpower in the section and improve the overall performance in the section.

#### License and permits (-100%)

This is dependent on the due dates of individual licenses in the community. To date no revenues is reported for the quarter ending 30 September 2022.

#### Agency services (-56%)

Accounting for agency services mostly related to the functions performed on behalf of other organs of state, example Libraries and Traffic licensing. Income is normally based on actual expenditures of these functions.

#### Other own revenues (22%)

Other revenues not accounted for under any of the above categories. These are mostly the ad-hoc revenues and fluctuate based on needs and performances requirements.

#### Gains (-100%)

The strategic decision to sell municipal vacant land not used in municipal operations is one of the key areas of council to generate revenues to improve services. The process is however dependent on the appointment of a auctioneer. The appointment of the auctioneer is in the final stage of the SCM process

and needs to be submitted to the BAC for approval. After the concluding of this process will the process start of selling of identified land.

The short, summarized plan by the department properties relating to the selling of land is as follows:

- I. Finalizing of identified areas and values
- II. Advertisement of auction
- III. Marketing of properties for sale
- IV. Auction date identified.
- V. Auction
- VI. Payments
- VII. Transfers of properties.

#### **Expenditure items**

#### Debt impairment (-100%)

The process of accounting for debt impairment needs to be implemented more regularly to ensure that the municipality can report on the "expense" write-off component of the revenue not collected. A process needs to be implemented to achieve the said objectives.

#### Finance charges (100%)

The biggest component of finance charges is the external interest payable on external loans. External loans is only payable on a six monthly basis during December and June. Other cost associated with finance charges is the employee relating benefits, actuarial valuations and this is only accounted at year-end.

#### Contracted services (-56%)

Maintenance is a significant factor on the spending of contracted services. As the financial year progress so will the spending on maintenance increase and corresponding variances improve. Numerous transactions will also only be accounted for at the end of the financial year and therefor influence total spend.

#### Transfers and subsidies (+18%)

Budget is mainly utilized to assist the community with social support programs and funds only spend as per application bases for requested support by community organizations and individuals.

Donations and bursaries is accounted under transfer and subsidies. This is managed by a process of application in the local communication mechanism to invite the community to participate. This is normally processed during December and January of the financial year.

#### 6. COUNCIL - EQUITABLE SHARE ALLOCATION FUNDING

Equitable share is a allocation received from National Government as part of the yearly Budget allocations of government as communicated in the yearly budget speech of the Minister of Finance during February yearly.

The Equitable share allocation is a Schedule 3 and based on the yearly DORA Division of Revenue Act the allocation formulae -  $LGES = BS + (I + CS)xRA \pm C$  where

- LGES is the local government equitable share
- BS is the basic services component
- I is the institutional component
- CS is the community services component
- RA is the revenue adjustment factor
- C is the correction and stabilisation factor

#### The basic services component

This component helps municipalities provide free basic water, sanitation, electricity and refuse removal services to households that fall below an affordability threshold. Following municipal consultation, the formula's affordability measure (used to determine how many households need free basic services) is based on the level of two state old age pensions.

The subsidy includes funding for the provision of

- ✓ free basic water (six kilolitres per poor household per month),
- ✓ energy (50 kilowatt-hours per month) and
- ✓ sanitation and refuse removal (based on service levels defined by national policy).

#### The institutional component

To provide basic services to households, municipalities need to be able to run a basic administration. Most municipalities should be able to fund the majority of their administration costs with their own revenue but because poor households are not able to contribute in full, the equitable share includes an institutional support component to help meet some of these costs.

#### The community services component

This component funds services that benefit communities rather than individual households (which are provided for in the basic services component). It includes funding for municipal health services, fire services, municipal roads, cemeteries, planning, storm water management, street lighting and parks.

#### The revenue adjustment factor

A revenue adjustment factor is applied to the institutional and community services components of the formula to ensure that the funds assist municipalities that are least likely to be able to fund these functions from their own revenue.

#### Correction and stabilisation factor

Providing municipalities with predictable and stable equitable share allocations is one of the principles of the equitable share formula. Indicative allocations are published for the second and third years of the MTEF period to ensure predictability. To provide stability for municipal planning, while giving national

government flexibility to account for overall budget constraints and amend the formula, municipalities are guaranteed to receive at least 90 per cent of the indicative allocation for the middle year of the MTEF period.

The municipality received the following allocation in term of Equitable share for the MTREF period:

2022/23	2023/24	2024/25
R37,037,000	R39,750,000	R42,171,000

The funds is used to fund the following expenditures in the municipal budget with year to date expenditures as follows:

	BUDGET	YTD ACTUALS
FREE BASIC SERVICES - WATER	10 723 800,00	2 781 022,90
FREE BASIC SERVICES - SANITATION	6 073 300,00	1 272 167,14
FREE BASIC SERVICES - REFUSE REMOVAL	8 652 400,00	1 824 267,81
FREE BASIC SERVICES - ELECTRICITY	-	6 067,75
FREE BASIC SERVICES - ELECTRICITY (ESCOM)	601 650,00	140 641,89
	26 051 150,00	6 024 167,49
DEPARTMENT FUNDED FROM EQS		
COUNCIL ADMINISTRATION	10 966 050,00	4 078 013,00
COUNCIL SUPPORT	654 060,00	266 992,00
MUNICIPAL MANAGER	3 396 940,00	759 511,00
	41 068 200,00	11 128 683,49

Based on the above table it is evident that the municipal Equitable share allocation is allocated to the provision of basic services of 70% of the allocation received.

#### 7. MFMA LEGISLATED DUE DATES / LIST OF ACTIVITIES

# THE FOLLOWING LIST OF ACTIVITIES IS DUE FOR THE REPORTING MONTH OF SEPTEMBER 2022 IN TERMS OF LEGISLATION

<b>LEGISLATIVE</b>			
<b>REFERENCE</b>	<u>DATE</u>	<u>ACTIVITY</u>	<u>STATUS</u>
Section 126	September	AFS audit process	In process of auditing by AGSA

The age analysis for debtors reported that a total of R79,4m of debt is outstanding for the reporting period.

#### Currently the municipality implemented the following initiatives in terms of debt collection:

• All outstanding debt longer than 90 days has been handed over to the external service provider to collect as per the new SCM tender awarded. Debt older than 30 to 90 days is being pursued internally by the Income Department (Masakhane)

Month on month comparisons of the outstanding debt balance compared R81.7m compared to the current R79.4m. The impact of the yearly property rates collection needs to be considered when comparing the collection rates for the period.

The collection for the month of September 2022 totals 106.75% that is slightly above the National norm of 95%.

#### 12. mSCOA IMPLEMENTATION

The new budget of municipality will be required to ensure that a more formal steering committee are being implemented again.

The implementation plan also needs to be reviewed and updated to ensure more focused attention can be given to ensure compliance with the latest financial reforms introduced by National Treasury.

The implementation of MSCOA requirements is a continuous process with many challenges already addressed.

#### 13. COST CONTAINMENT REGULATION AND CIRCULAR REQUIREMENTS

National Treasury as part of the drive for more efficient use of government resources introduced the **Local Government: Municipal Cost Containment regulation (MCCR)** promulgated on the 7 June 2019 with effective date of 1 July 2019.

As part of the regulation municipalities is required to report as part of the in-year reporting mechanisms of the MFMA to the municipal council's relating to **COST CONTAINMENT** initiatives implemented. Numerous other requirements were also introduced that enforce reviewed of municipal policies and documentation as well as business processes. These will be implemented by the Chief Financial Officer as required.

Below the standardised report relating to **Cost containment measures** implemented by the municipality.

Total cost saving disclosure in the In-year report										
	COST C	ONTAINMENT	IN-YEAR REF	PORT - 30 SEP1	EMBER 2022

The administration as part of the strategic planning and processes needs to review the approach followed with respect to the implementation of the Cost containment measures and policy. This needs to be escalated to a higher priority on the radar screens to ensure that the municipality will ensure that long-term benefits can achieved with the implementation of these measures.
