However, section 71 of the MFMA states that, the accounting officer of a municipality must by no later than **10 working days after the end of each month** submit to the mayor of the municipality and the relevant treasury a statement in the prescribed format on the implementation of the municipality's approved budget".

"Section 28 of the Government Notice 32141, the monthly budget statement of a municipality must be in the format specified in Schedule C and include all required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act".

Section 54 of the MFMA requires the Mayor to consider the Section 71 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.

3. MAYOR'S SUMMARY

The Budget and Reporting regulations become effective during April 2009 and the municipality is obliged to report in the prescribed format to National & Provincial Treasury, the Executive Mayor and council accordingly.

Although the Cape Agulhas Municipality is fully compliant in respect of the monthly budget report to council, effective from March 2014, the quality of the report in terms of its completeness and usefulness for council decision making still needs improvement which will be addressed as an ongoing process.

3.1 <u>Budget Process:</u>

Section 53(1)(a)of the MFMA stipulates that the Executive Mayor of the Municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget.

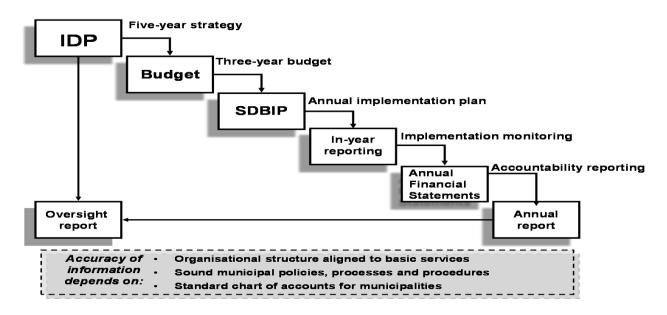

The flowchart on the budget process basically reflecting three different processes in the budget cycle at the same time, namely:

Reporting on the previous year budget;

 $_{\odot}$ Current year budget implementation; and

 Preparation of the new financial year's budget (including the budget estimates for the two outer financial years)

The municipal planning and budget cycle processes consist of the following:

The Annual Financial Statements is in it's auditing phase and the Auditor General is busy completing the final audit processes required for the audit. The municipality should be received the Management Report during the month of November 2019 for review. The Management report is the preview for the final audit opinion due by the end of 30 November 2019.

4. SUMMARY FINANCIAL PERFORMANCE

The financial performance at the end of the first quarter generally reflects slow and low operational and capital spending ending 30 September 2019. The municipality planned and implement various initiatives to ensure that the streamlining of expenditures can be achieved and that all operational projects as per SDBIP identification can be achieved.

The procurement plan to date is progressing based on planning, but this needs to be continuously monitored and evaluated to ensure that council achieve its strategic objectives.

Operational revenues for the period ending **31 October 2019** records at 36.6% and expenditure records just under 27% respectively.

The capital spending however only records 8.23% of a total budget of R47,2m.

As indicated above this needs to be address with the holiday season not far off and spending generally decreasing over this reflective period.
