1 INTRODUCTION

This report constitutes the 2022/23 Mid-year Performance Assessment which has been compiled in accordance with Section 72 of the Municipal Finance Management Act, Act 56 of 2003 (MFMA). The report also serves as the quarterly report for the 2nd quarter as required by Section 52(d) of the MFMA.

2 LEGISLATIVE FRAMEWORK

Section 72(1) (a) and 52(d) of the Local Government Municipal Finance Management Act No. 56 of 2003 (MFMA) requires the Accounting Officer to by 25 January of each year assess the performance of the municipality during the first half of the financial year. A report on such assessment must be submitted to the Mayor, Provincial Treasury and National Treasury by 25 January in terms of Section 72(1) (b) of the MFMA.

Once the Mayor has considered the report, it must be submitted to Council by 31 January in terms of Section 54 (1) (f) of the MFMA. Regulation 34 (1) of the Municipal Budget and Reporting Regulations requires furthermore that the mid-year budget and performance assessment be made public by placing it on the municipal website within 5 working days of 25 January.

Section 52(d) of the Municipal Finance Management Act, Act 56 of 2003, requires the Mayor to within 30 days of the end of each quarter; submit a report to Council on the implementation of the budget and the financial state of affairs of the Municipality. MFMA Circular 13 requires the Municipality to report quarterly on its Service Delivery Budget Implementation Plan (SDBIP).

The Municipality's performance is measured against the Municipality's Service Delivery Budget Implementation Plan (SDBIP). The SDBIP is "*a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include (as part of the top-layer) the following:*

- a) *projections for each month of-*
 - i. *revenue to be collected, by source; and*
 - ii. *operational and capital expenditure, by vote;*
- b) *service delivery targets and performance indicators for each quarter"*
- c) *Budget processes and related matters"*

The Executive Mayor approved the Top Layer SDBIP for 2022/23 on 1 July 2022. Any amendments to the Top Layer SDBIP must be approved by Council, and a report in this regard will be submitted to Council on 31 January 2022.

3 PERFORMANCE FRAMEWORK AND MONITORING

a) Performance Framework

Regulation 7(1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the roles of the different role players." This framework, inter alia, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance. The municipality adopted a performance management framework that was approved by Council on 29 May 2007 (Council Resolution 101/2007).

b) Monitoring Performance

The municipality utilizes an electronic web-based system on which KPI owners update actual performance on a monthly basis. KPI owners report on the results of the KPI by documenting the following information on the performance system:

- The actual result in terms of the target set.
- The output/outcome of achieving the KPI.
- The calculation of the actual performance reported. (If %)
- A performance comment.
- Actions to improve the performance against the target set if the target was not achieved.
- It is the responsibility of every KPI owner to maintain a portfolio of evidence to support actual performance results updated.

4 LINKAGE TO THE IDP

The Council approved the new five-year IDP on 30 May 2017. The newly elected Municipal Council resolved to adopt the IDP of its predecessor on 31 May 2022. The SDBIP derives from the IDP which contains the Municipality's vision, mission and strategic goals and objectives, which in turn aligned to the National KPA's for Local Government.

The following table sets out this alignment.

VISION	MISSION	STRATEGIC GOAL	STRATEGIC OBJECTIVE
Together for excellence Saam vir uitnemendheid Sisonke siyaggwesa	To render excellent services through good governance, public ownership and partnership in order to create a safer environment that will promote socio-economic growth and ensure future financial sustainability in a prosperous southernmost community	SG1: To ensure good governance	SO1: To create a culture of good governance SO2: To create a culture of public participation and empower communities to participate in the affairs of the Municipality
