1. INTRODUCTION

This document guides the users indicating clauses that have been amended and the type of change effected. The Governance Code section of the RSA Distribution Grid Code describes the process for amending the Grid Code. This version 6.2, dated January 2022 replaces the previous version 6.1 that was published in August 2019.

2. INDEX OF CHANGES

The following “index of changes” guides the users to the specific clauses amended as well as the type of change effected. Changes are grouped per section of the code. All enquiries in relation to the Grid Code revisions should be forwarded to the Grid Code Secretariat.
